-Plus-
25 Hours Retractable Gear time and 5 hours Make and Model
-OR-
10 hours of dual instruction and solo endorsement in Make and Model.

**Bryan Cozart
First Solo
December 6, 2008**

Congratulations to Bryan Cozart who performed his first ever solo flight in front of friends and family here at Cable Airport. Ron Meyer is Bryan's CFI and he was a little nervous seeing so many spectators anticipating the solo event.

The Future

We are in negotiations for a Piper Arrow, Legend Cub, and Piper Seminole. The new Club Office upgrade is progressing nicely. We are shooting for complete occupation before the Air Show on January 10-11.

Private Pilot Ground School

David Franklin's Private Pilot Ground School will begin **Tuesday 13 January 2009** at 6:30pm in the Ground School Building. "A great way to learn about flying". This class is good for first time students, and pilots who would like to get a refresher. You can always learn something new, or remember something forgotten, or practice something unused.

"Experience is something you don't get until just after you need it"
